

Pan India Smart Dark Store Blueprint

STANDARDIZED INFRASTRUCTURE • CENTRAL CONTROL • SCALABLE GROWTH

Same Structure • Same SOP • Same Data • Different Cities

Why Dealplex Smart Dark Store Model?

Pan-India Scalable Infrastructure: Designed for rapid expansion across multiple geographies.

Hyperlocal Backbone: The engine powering quick-commerce with speed and precision.

Asset-Light & System-Heavy: Minimizing CapEx while maximizing technological leverage.

Centralized Control: Standardized operations managed centrally, executed locally.

Dark Store Location Rules (Mandatory)

✓ Non-Negotiable Requirements

- ✓ **Ground Floor Only** Ease of loading/unloading is critical.
- ✓ **Residential Catchment** Must be near high-density housing.
- ✓ **3-4 km Radius** Optimal delivery zone coverage.
- ✓ **Access & Utilities** Smooth bike entry/exit, 24×7 Power/Water.

✗ Strict Prohibitions

- ✗ **No Showroom Models** Dark stores are for operations, not display.
- ✗ **Avoid High-Rent Areas** Operational efficiency over visibility.
- ✗ **No Traffic Bottlenecks** Entry must not be on a congested main road.

Legal & Compliance (Mandatory)

GST Registration: Mandatory for all commercial operations.

Shop Act License: Local municipal compliance.

FSSAI License: Critical for Food, Dairy, and Beverage storage.

Fire Safety: Installed extinguishers and safety signage.

Current Bank Account: For all official transactions.
